- Budget & Performance Analysis
- Marketing Automation

ABOUT ME

Performance marketing and analytics professional with hands-on experience in Google Ads, campaign optimisation, customer journey analysis, and measurement strategy. Skilled in translating business objectives into data-driven marketing solutions using GA4, GTM, CRM platforms, and performance analytics. Combining international business experience across four countries with a strong analytical mindset, I focus on improving acquisition, conversion, and operational performance.

EXPERIENCE

EXL (Remote) • December 2025 - July 2026

Customer Experience & Travel Operations Specialist

- Managed high-volume international travel cases across booking, payment, and itinerary systems while maintaining SLA and service-quality standards for global B2B accounts.
- Analyzed recurring customer journey and process issues through CRM and ticketing workflows, identifying opportunities to reduce repetitive interactions and improve operational efficiency.
- Maintain accurate customer data and coordinate cross-functional case resolution using CRM and ticket-management platforms.

Instinctive (Remote)

Paid Media Analyst • Feb 2023 - Oct 2025

- Managed Google Search and Meta campaigns across product categories, optimizing budgets, bidding, audiences, and campaign structure toward CPA, conversion volume, and revenue targets.
- Conducted search-query and funnel analysis to identify high-intent demand, reduce wasted spend through negative keywords and match-type optimization, and improve conversion efficiency.
- Developed structured A/B testing frameworks for ad creative, messaging, and promotional campaigns across prospecting and retargeting audiences.
- Managed GA4 and Google Tag Manager measurement for e-commerce events and paid-media conversions, validating tracking and maintaining consistent campaign attribution.
- Built automated cross-channel reporting combining Google Ads, Meta Ads, GA4, and e-commerce data to monitor spend, CPA, ROAS, revenue, and budget pacing.
- Analyzed campaign performance by device, geography, product category, and audience segment to identify performance gaps and guide budget allocation.

Modern Marketing Tools

CRM Management • Marketing Automation Platforms • AI-Enhanced Content Creation • Data Visualization • Cross-Channel Attribution • Process Optimization

KEY ACHIEVEMENTS & LEADERSHIP

REVMANEX Global Challenge Winner (2022)

- Developed a data-driven business growth strategy that secured 1st place in an international business competition, demonstrating strengths in market analysis, strategic planning, and commercial decision-making.
